DETAILED ACTION

Drawings

1. The drawings were received on July 23, 2009. These drawings are accepted.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joan T. Kluger on October 16, 2009.

The application has been amended as follows:

In claim 32, line 1, please change the text "-- claim 31 --" to "-- claim 22 --".

In claim 33, line 1, please change the text "-- claim 31 --" to "-- claim 22 --".

3. The following is an examiner's statement of reasons for allowance:

Claims 22-30, 32-36, and 38-42 are allowed because, as noted in the Office action dated May 12, 2009, none of the prior art of record discloses or suggests the logic device comprising one single magnetic element that comprises two magnetic setting elements, each with two magnetically differentiable states which are set with an operator control signal SET for execution of at least one operator function F; wherein the control circuit has a current source and a switching device via which the two magnetic setting elements can receive the operator control signal SET, in combination with the remaining claimed features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

4. Applicant's arguments, see Remarks, filed July 23, 2009, with respect to the objections and rejections of claims 22-30, 32-36, and 38-42 have been fully considered and are persuasive. The objections and rejections of claims 22-30, 32-36, and 38-42 have been withdrawn.
5. Applicant's arguments with respect to claims 31 and 37 have been considered but are moot in view of the cancellation of those claims.
